PRACTICE POLICIES & INFORMED CONSENT **FOR ASSESSMENT & TREATMENT**

I understand that I am eligible to receive a range of services from my provider. The type and extent of services that I will receive will be determined following an initial assessment and thorough discussion with me. The goal of the assessment process is to determine the best course of treatment for me. Clinicians may choose to use AI for documentation purposes.

TREATMENT TERMINATION: Please be advised that ALL patients who are not Medicaid or Medicare will be charged a \$50.00 No Show Fee when failed to show for scheduled appointment. This fee will be due and payable at your next appointment. If you are a no-show patient with two consecutive missed appointments, we will not schedule any further appointments and you will be **discharged** from the practice. If, after the intake, your nurse practitioner or therapist identifies your treatment needs are out of their scope of practice, we will refer you to an appropriate provider.

CONTROLLED MEDICATION POLICY: You **MUST BE SEEN** in the office every three months or sooner depending on provider discretion for your evaluation and management of your medication. Failure to keep these appointments could prevent your medication refill. If you miss your appointment **YOUR MEDICATION WILL NOT BE REFILLED UNTIL YOU ARE SEEN. ANY and ALL medication requests will be filled in 24-72 hours.**

TELEHEALTH APPOINTMENTS: If you are scheduled for a telehealth appointment, the office will give you a call a day or two prior to collect your copay. **Payments for telehealth appointments are due by 10am the day of scheduled appointment. If payment is not collected prior, this will result in a no show and you will be responsible for a \$50 NO SHOW FEE.** You will then have to reschedule your appointment and may not be able to get your medications until you are seen.

INSURANCE: Your insurance company will require that your provider include on any billing statement of services a Procedural Code(s) called a CPT code and a Primary Diagnostic Code, or ICD Code. By submitting your insurance information and requesting that we bill your insurance company on your behalf, you are giving this practice the following “signature on file”
